Explanation of the Wizard Formguide using the Horse SPINNING HILL

Track Profile - The Track Profile is in two parts, the early speed shown by past winners and the position these winners were at the key pressure point in the race, the approach to the home turn. To get the track profile, winners at the track over a similar distance were grouped into four categories and their winning percentage recorded. Early speed is grouped as Fast (Fa), Good (Go), Moderate (Mo) and Slow (So). The Pace section is grouped as Frontrunner (Fr), On-Pace (On), Midfield (Mf) and Backmarker (Bm).

Tab TAB or racebook number (Please remember to check TAB lists for official numbers).

Form Form figures (last 4 starts; "x" indicates a spell for 63 days or longer).

Horse Name of the horse.

BP Barrier Position.

WT Handicap weight.

A Odds The WIZARD's rating of each runner. Here, Spinning Hill is assessed as a \$4.00 chance in this race. These prices are calculated using a formula which combines both the Wizard weight ratings (Wrat) and time ratings (Trat). A "*" after the price indicates an assessment of \$13.00 or less

Wrat Rating for each horse based on traditional weight handicapping techniques. The top rated horse is the one on 100. Convert the ratings into predicted beaten margins by allowing 4 rating units to equal 1 length. Eg: Horse rated at 92 would be rated to finish 2 lengths (8 units divided by 4) behind the horse rated 100.

Trat Rating based on the horse's race times. Can be converted to margins in the same manner as the weight ratings (Wrat).

Sts Number of career starts.

W Number of career wins.

P Number of career minor placings (2nd & 3rd placings in total).

W% Number of wins expressed as a percentage of total career starts.

P% Number of minor placings as a percentage of total career starts.

CLS This column shows whether the horse is racing in the same class (or equivalent class) of race as contested at its last start. - "up" means the horse is up in class, "dn" means the horse is down in class, "eq" means the horse is contesting a race which is the same, or similar to that it contested at its last start.

FS The Field Strength (FS) figure measures the difference between the quality of the field against which the horse raced last start and will confront in the forthcoming race. Bear in mind that races of exactly the same class can vary in strength. This means the level of competition the horse is meeting in a Weight For Age Group 2 tomorrow could be 1.5kg "tougher" than the WFA Group 2 field it raced at its last start and so on. In the FS column +1.5 means tomorrow's field is 1.5kg stronger than the horse met last start. On the other hand, -2.0 means tomorrow's race is 2kg "weaker" than its last start, thereby making the task of the horse easier than might be expected given that it is racing in the "same" class.

Dis This is a quick reference guide, which shows if the horse is racing at the same, longer, or shorter distance when compared to its last start.

Av Prize Average prize money each start.

Days The number of days since its last start.

PERFORMANCE STATISTICS

For most horses these PERFORMANCE STATISTICS are based on a horse's career record.

CRS Wins - minor placings - starts at this course.

DIST Wins - minor placings - starts at this distance or over a distance within 10% of the distance of the forthcoming race.

C&D Wins - minor placings - starts at the course and distance.

CLASS STATISTICS

BARRIER TRIALS

TRAINER JOCKEY STATS: The trainer and jockey statistics relate to the previous 12 months and are limited to horses that started at 20/1 or shorter. The first line shows the jockey stats. Loc12m - Jockeys performance at same or similar tracks, Ovr12m - Jockeys performance at all tracks, JockHorse - Jockey on the horse. The second line shows trainer stats. Loc12m - Trainers stats at same or similar tracks, Loc5y - Trainer stats at same or similar tracks, but going back 5 years, Ovr12m - Trainer's overall stats at all tracks. The final figure "JocTrn" is the stats for the trainer/jockey combination over the last 12 months.

FORM LINES

63.0 RATING DERIVED FROM THIS RUN:

The WIZARD rating for each run is based on the horse's performance in that run and is adjusted for the weight to be carried in the forthcoming race. You can adjust for a riding change by adding 1 (kilogram) to the rating where a claiming apprentice is to ride (in a claiming race) or where a rider in the top 5 in the premierships is to replace a less successful rider. Here the WIZARD rating is 63.0 kilograms. All ratings for all horses are directly comparable. The BIGGER the rating the BETTER the rating. After the rating and possible first up indicating may be a Weight For Age (WFA) adjustment letter that allows you to include the WFA improvement in the horse rating. A quick calculation will alert you to the possible rating a horse could return if it reproduced one of its past ratings and made "normal" WFA improvement. A listing of letters and corresponding weights is printed in the front of the WIZARD.

* FIRST-UP INDICATOR:

Indicates that this was the horse's first start following a spell of 63 days or longer.

CAUL RACECOURSE:

A 4 character abbreviation for the track on which the race took place. Here, CAUL represents Caulfield.

11.10.03 DATE RACE WAS RUN:

The day, month and year which the race was run.

d TRACK CONDITION:

The WIZARD assessment of the condition of the track. Abbreviations used: g=good; d=dead; s=slow; h=heavy.

1000 DISTANCE OF THE RACE:

Expressed in metres. Here the race was 1000 metres.

WFA-G2 ... TYPE/CLASS OF RACE:

Rather than use the name of races, the WIZARD shows the specific type of race that it is. Here the race was a Weight For Age Group 2 race.

2 Wrat RANK:

The Wrat rank in this race after scratchings, in this case Spinning Hill was rated second in the Caulfield race on the 11th October.

8 NUMBER OF RUNNERS:

In this race there were 8 starters.

7 - 3- 1.5 POSITION ON HOME TURN - FINISH POSITION - BEATEN or WINNING MARGIN:

The finish position is always shown. The beaten margin (or the winning margin, in lengths, if the horse happened to be the winner) and the horse's position on the home turn are included whenever they are available. In the 11.10.03 race Spinning Hill was 7th on the turn and came 3rd, beaten by 1.5 lengths.

55.0 6 WEIGHT CARRIED & BARRIER POSITION:

Here the horse carried 55.0 kilos and started from barrier 6.

P.Payne JOCKEY:

The name of the jockey who rode the horse.

3.20F+ STARTING PRICE, FAVOURITE INDICATOR AND ODDS FLUCTUATIONS:

In the 11.10.03 race Spinning Hill started at \$3.20. An F indicates she was favourite. The + indicated the horse "Firmed" in the market, a "-" would indicate a drifter. Note: when the horse has New Zealand form its position in tote favouritism in NZ will be shown as, say 4NZ, which means it was 4th favourite on the win tote in NZ. The favourite would be shown as 1NZ, the second favourite as 2NZ, and so on.

0:57.00 ADJUSTED RACE TIME OF RUNNER:

The race time shown in the WIZARD is different to all other formguides. Our race time is the time actually run by the horse. The WIZARD's race time for a non-winner is thus the race time of the winner with an allowance for the beaten margin (using 6 lens per second as our standard measure).

33.55 SECTIONAL TIME:

The sectional time may also be followed by a T for track record, C for

class record or R for race record for the overall time.

Halibery WINNER OR SECOND PLACEGETTER:

As a frame of reference, the winner of the race is shown where this horse finished second or worse. Where this horse won the race, the horse which ran second is shown.

BREEDING/TRAINER/CLOURS:

Information is provided about the horse's name, age, sex, breeding, race colours, trainer (and where he/she trains).

STEWARDS' REPORTS:

Where available, official stewards report extracts, relevant to a particular horse, will be included in its form guide. For each, a maximum of two report extracts will be printed. Also, where possible, past gear changes will be noted and, on occasions, a WIZARD comment on the run will be included.

PREVIOUS WINS:

Up to six wins recorded prior to the horse's last eight starts will be included in the form guide. The details included are:

72.0 CAUL 12.10.02 g 1000 WFA-G2 55.0 - 1 0:57.14

72.0 = WIZARD weight/class base rating
CAUL = racetrack (Caulfield)
12.10.02 = day, month and year of race
g = track condition (good)
1000 = distance of the race (metres)
WFA-G2 = type/class of race (WFA Group 2)
55.0 - 1 = weight carried and barrier position
0:57.14 = time of winner

WINNING JOCKEYS: The names of the jockeys who have won on the horse and number of wins.

PREVIOUS WINS (DAYS): The number of days break taken before each of its last six wins.

WINNING DISTANCES: The distances over which the horse has won with the number of wins at each distance in brackets.

FORM CYCLES: The form cycles show the number of runs this race will be since the horse resumed from a spell (RFS). A spell is a break of 63 days or more. The individual RFS details are shown
